SKINNER NORTH'S CIWP

THE CONTINUOUS IMPROVEMENT WORK PLAN

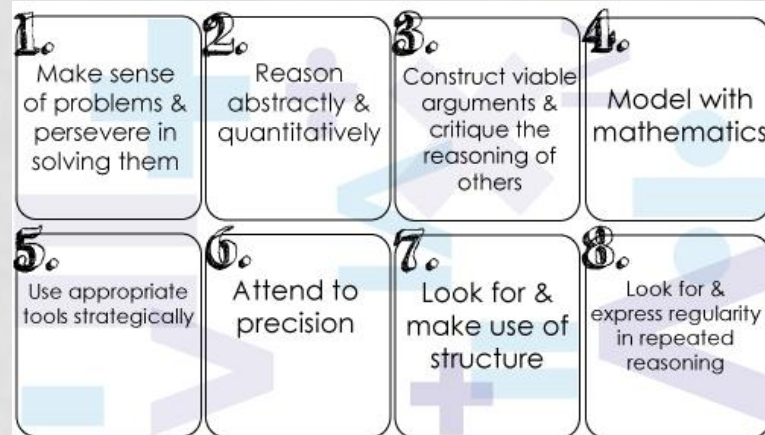

SKINNER NORTH STRATEGIC PRIORITY #1: CCSS LITERACY

The Skinner North Literacy PLC will collaboratively design and utilize curriculum mapping, Common Core assessments and vertical articulation to effectively assess and create rigorous, differentiated, CCSS-aligned instruction for all students.

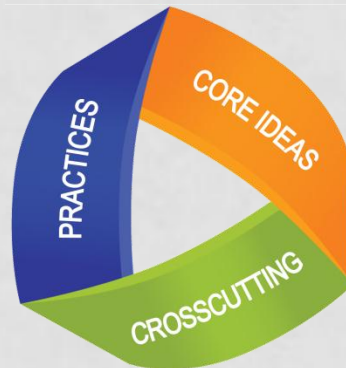

SKINNER NORTH STRATEGIC PRIORITY #2: CCSS MATH

The Skinner North Math PLC will support implementation of MARS tasks, math talks, and math workshop models to effectively provide students with a rigorous, differentiated experience that will enable them to be successful in Algebra coursework before high school and for College and Career Readiness.

SKINNER NORTH STRATEGIC PRIORITY #3: SCIENCE

The newly formed Skinner North Science PLC will implement a school-wide science program that makes use of Science Education for Public Understanding (SEPUP), Full Option Science System (FOSS), and Next Generation Science Standards (NGSS) in a lab based environment that fosters inquiry, synthesis, analysis and application of learning in order to effectively improve students' mastery of Science standards as measured by attainment on teacher created interim assessments.

SKINNER NORTH STRATEGIC PRIORITY #5: COLLEGE ACCESS AND PERSISTENCE

Skinner North will continue to develop and support a college going culture by increasing college related structures and activities that prepare students to succeed in both high school and college, while also broadening awareness of Academic Centers, Selective Enrollment High Schools and Colleges.
