

## **Second Grade Supply List 2020-2021**

If you have some of these supplies at home that are in good condition, use them! Some of these supplies will not be used until in-person instruction begins again. If your child runs out of any of their personal supplies during remote learning we will ask that you replenish that supply before a return to in-person learning. Please note: Communal supplies are not things shared by students, they are cleaning or sanitary products for the classroom. Thank you! ☺

**Each Student Should Have: Note: some of these items will not be used until in person learning begins again. Items of high importance will be starred with (\*)**
